FOR IMMEDIATE RELEASE

**FOXCONN ENGAGES IMC TO RETAIN FLORIDA PRESENCE AND
IDENTIFY ECONOMIC INCENTIVES**

Weston, Florida – June 10, 2008 – IMC, an investment management company, today announced that it has been retained by Foxconn International, a global manufacturer of mobile devices and telecom equipment, to explore options in maintaining a corporate presence in Florida on behalf of the telecom giant. Christopher Malter, CEO of IMC stated, “Foxconn International has already recruited more than 50 employees at high-level salaries. It is imperative that we retain the company in Florida, not only for job creation and capital investment, but also to build and fortify Broward County’s strategic directive in building its telecom cluster.”

IMC plans to work with local, regional and state groups to present Foxconn’s case. Foxconn currently leases more than 30,000 square feet of office space in the Sawgrass Corporate Park in Sunrise.

About IMC

IMC is a global investment management company with offices in North America and Europe. For more than 15 years, IMC has maintained a strong, steady pattern of growth by integrating management expertise with market analyses to provide our clients and portfolio companies global solutions with local applications.

Its professional resources are quite vast with more than 300 consultants worldwide. The company vigorously identifies investment opportunities among small and mid-size companies primarily in the life sciences, technology and telecom sectors and guides them to achieve their greatest ROI.
